

UNITED DIOCESE OF LIMERICK, KILLALOE,
ARDFERT, & CLONFERT

DIOCESAN COUNCIL FOR MISSION
MISSION SUNDAY PROJECT 2017

Sunday 26th November

**WE CAN HELP THEM TO HELP THEMSELVES,
IN SO DOING WE GIVE THEM SKILLS,
SELF-CONFIDENCE & DIGNITY.**

"The people of Swaziland are warm and welcoming, but so desperately in need. Ravaged by poverty and HIV, it's the children who touch us most. All too often they take on the responsibility of running the home, or fending for themselves, because in a country where the average life expectancy is just 32 years, there is often nobody else to care for them.

The project this year will be, to supply and install water tanks in to a number of schools in Swaziland together with training in hygiene. In due course we would hope to ask schools within our own United Diocese to 'adopt' a particular school in need of a water tank in Swaziland, and by so doing encourage individual contact between the respective principals, teachers, pupils and parishes.

Thank you for your support
